

# M100-Series / M200-Series Camera Mounting Template

NOTE: The supplied right-angled RayNet and power cables can be used when mounting to surfaces up to 25.4 mm (1.0 in) thick. If mounting to surfaces more than 25.4 mm (1.0 in) thick, straight RayNet and power cables (available separately) must be used.

NOTE: This document may NOT print true to scale. Before modifying mounting surface, ensure printed template matches the measurements provided.
